PROGRAMMES

PROFILE

Passionate about creating interactive experiences, I specialise in video game and level design with immersive aesthetics, engaging mechanics, and a minimalist approach. I am proficient in tools for building dynamic environments and intuitive paths that connect with the player from the outset, combining creativity, spatial logic, and artistic sensibility. I deeply enjoy the creative process of imagining and designing these worlds.

WORK EXPERIENCE

·**Video Game Developer/Artistic Director**

Verne Games - (April 2025-June 2025)
Responsibilities: designing and creating logos, modelling, building 3D environments, developing colour palettes, building and designing interfaces, creating artistic styles, creating music and sound effects, editing videos, texturing, etc.

·**Graphic Designer**

THONMI - Czech Republic - (February 2024-May 2024)
Responsabilities: creating summer festival posters, banners, and T-shirt designs.
Julián Fernández Catena: Designing Company Logos (Nov 2025–Dec 2025)
